### EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Jesse J. Camacho on 04/27/2006.

The application has been amended as follows:

**Please replace claim 22 with the following:**

22. (currently amended) A system for presenting Optical Time Domain Reflectometer (OTDR) information comprising:

a user interface that facilitates uploading an OTDR trace file in its native format;

a storage device coupled to the user interface for receiving the trace file;

one or more tangible computer-readable media having computer-useable instructions embodied thereon for identifying one or more viewers based on retrieval of said OTDR trace file; and

a viewer at least one of said identified one or more viewers coupled to the storage device, said viewer(s) useable in connection with said OTDR trace file for presenting data within the OTDR trace file via the browser on a display device.

### **REASONS FOR ALLOWANCE**

The following is an examiner's statement of reasons for allowance:

As per claims 1,11,15,22,28, the prior arts of record, taken alone or in combination, fail to disclose or render obvious the steps of identifying a viewer that can render the OTDR information in the browser; using the viewer and the OTDR trace file in its native format, presenting the OTDR information via the browser on a display device, in combination with the rest of the steps of the claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
